

Concept Halloween Campus Tour

Idea

- Concept similar to the city rallye:
 - associations have dungeons in different buildings (on campus or in their club rooms, if they are big enough) where they can defend their treasures (sweets) or take sweets from the groups while playing with the groups (if they loose)
 - The dungeon leaders are responsible for the equipment and games (see Dungeons and Games)
- Groups of 5-6 people are accompanied by “helping” guides (tutors) during their adventure.
 - Group members have certain skills or items with which they can enter the dungeons to compete against the guardians of the treasures (association) and collect treasures or lose them when fleeing
- in total a group should play in 3 dungeons, so the tour ends after max. 2 h (see schedule)
- in addition there should be hidden treasures, which can be found by means of puzzles (see hidden treasures)

planned capacity

- small version: 10 groups of 5-6 people = 50 - 60 participants
- large version: 2 x 10 groups of 5-6 people = 100 - 120 participants
